Building Work

There will be some building work taking place on site over the next few weeks, which starts today. The remaining wooden and metal windows in the cloakrooms and dining hall are being replaced, starting in Key Stage 2. There is also some work to improve safety when managing vehicles on the school site. This will include some additional fencing to separate pedestrians from vehicles, improved signage and road markings, and a drop off bay for the kitchen delivery van, as this has been causing problems blocking the school driveway in a morning. All areas will be fenced off during the works for safety reasons but please take extra care on the school site whilst these works are taking place.

Message in a bottle

Noah in Year 5 has found an unusual way of getting some new pen pals for the children in his class. He put a message in a bottle and threw it into the sea off Spurn Point in the summer. We then received an e-mail last week from the Headteacher of a school in Lemvig in Denmark! Pupils from the school had found the bottle washed up on the beach as part of a project they were doing in school entitled, 'What can you find on the beach...'

The school were keen to make links with us as this was such an unusual way to make contact!

Hollywood calling

We have just received some very exciting news about our animated film; 'I wish I went to Ecuador.' The film has just been nominated for the HOLLYWOOD INTERNATIONAL FILM FESTIVAL in the Youth Fest awards for Best Animated Film 8-13. This comes hot on the heels of the USA premiere in LA this month at the Wild and Scenic Film Festival and a further nomination for Best Animated film in the worlds biggest children's film festival, 'Kids First' In Santa Fe, New Mexico. If you haven't yet seen the film, it now has its own page on the IMDb website.

Punctuality

Can I please remind all parents and pupils that school starts at 8.50 in the morning. We are having an increasing number of children arriving late for school. The first session of the day is very important as this is when our main reading and phonics activities are taught. Can I please urge everybody to make an extra effort to get to school promptly for the start of the day.

Parent Governor Vacancy

I will be sending out information this week about a vacancy on our Governing Body for a parent governor. Governors play a vital role in the running of the school and are involved in key decision making. Please feel free to contact me if you would like to discuss what the role involves.
