

# Recount

One day on Wednesday 25th of November, year 5 went on a trip to Real Aid with our magical shoeboxes for Asia. When we set off on our journey ,we went past Newland Avenue and it was quiet empty, so we got there quicker.

We needed to go out of school, go past the round about and then go up Newland Avenue . When we got to the top we needed to take the boxes out of the bags and then we needed to hold them so we looked good.

when we got there and we put them in the Real Aid shop ,it was full of year 5 people but it was good because our arms were aching.

This is my year 5 class 5DW. I'm not on the picture we are a hard working class and we work together.

The lady who works in Real Aid said to year 5 that we did really well for coming down here and we all got a sweet from our teacher.

One the way back we all were tired, but it was worth it for all the poor.
