

Year Two

Autumn Term 2009

November

Themes

This term our main topic continues to be The Fire of London. We are using Samuel Pepys' diary as the central theme for our Literacy and History work this term. Our Science theme is electricity. The children are welcome to bring in any books or information that they have at home, to help them with their work.

Homework

Remember that your child will continue to receive spellings and Maths homework each week. Please give them any support or guidance you think is necessary in order for them to achieve success with their work. If you feel the work is regularly too difficult for your child please see their teacher. Also, aim to spend about 10 minutes each day hearing your child read and discussing the content of their book. If you have a couple of hours to spare we would be grateful for any help you can give in school hearing children read.

Events

There are lots of things going on in the second half of this term, including, of course, the KS1 Christmas Concert - Christmas Recipe; which takes place on 9th and 10th December.

On the 4th December the Fire Brigade will be with us for the day to promote fire safety via 'informative, innovative and fun' ideas.

The Y2 Christmas party will be on the afternoon of 17th December. Children should wear school uniform in the morning and bring their party clothes ready to change into for the afternoon.

PE

Earrings should not be worn for PE as they are a Health & Safety risk. Pupils who cannot remove their earrings cannot participate in the PE lesson unless they are taped over so you can imagine the problems this causes! Please wait for the Summer Holidays before having ears pierced.

L Sinclair, J Dennison and C Frankish.
