The framework is a guideline and will from time to time be changed. Days of tasks may be changed but will still generally fit within the overall framework.

When staff are aware that pupils are not completing homework they will speak to parents about the issue to determine the reason for work not being done. If the work is too complex staff will liaise with parents to find a solution.

A Homework club has been established at lunchtimes where children can complete work set with some help.

In Key Stage 2 pupils who persistently fail to do homework may be asked to complete tasks during breaks.
